

Black&White4 CTMplus RL

ALTERNATIVE MILK VARIETIES AT THE TOUCH OF A BUTTON

The solution for every type of milk! The powerful BW4 is available with an option that is unique on the market. The «plus» option, an exceptional multi milk option, ensures the highest beverage quality when using different types of milk. The multi milk option offers a wide selection of coffee-milk drinks, intuitively at the touch of a button and allows any type of milk to be processed.

The BW4 CTM+ can be operated and handled without barista know-how. It has never been easier to expand the range of beverages and attract new customers through versatility in terms of milk types.

- Unlimited number of milk types
- The perfect coffee for every customer
- Hot and cold milk and milk foam products
- Perfect product at the touch of a button
- Milk removal directly from the original packaging
- Special rinsing and cleaning process
- Easy to use even for untrained staff
- Minimal food waste
